Speaking from experience . . .

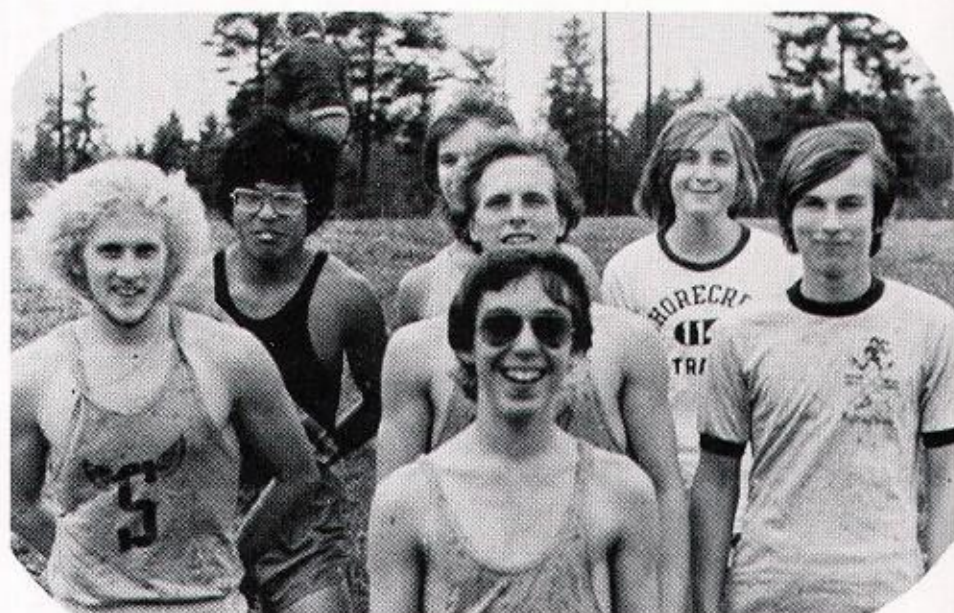

Cross Country this year has been a great experience. Hard work, maturity and independence characterized the entire team. Miles through the woods and on the roads, repeats on the track and in the valley built a group of different personalities into a strong team that placed well in Metro. A good year for Coach and Athlete!

. . . Mr. Lynn and I have enjoyed and appreciated working with this outstanding group of girls. We admire and respect each one of them. They worked very hard this season. Each girl had a good attitude about running and a desire to win, which they did. Congratulations girls on placing first in the All Metro Championship!

About the Team . . .

This years "73" Football Team was the youngest in the league and one of the youngest ever at Shorecrest. Our inexperience in the early part of the season resulted in several setbacks by a North division opponent. As the year progressed the Team got stronger and they were a real contender the last half of the season. Probably the high point of the year was a 14-6 victory over Ingraham, previously unbeaten by a Shorecrest Team.

FIELD HOCKEY

Happiness is Field Hockey at Shorecrest! That best describes my feelings toward this year's season and the fifty girls that participated. It was a truly successful year thanks to the tremendous help of the twenty senior girls. Their outstanding achievements in advanced skills and teamwork helped inspire all of the girls to work hard. The season was highlighted with two very successful exchange weekends with the Canadians where, this year, Shorecrest proved more of an even match in competition. I will really miss the girls that are Seniors but I know the hockey traditions that they helped start on the last three years will be carried on by a great group of Sophomores and Juniors.

The Shorecrest High School Swim Team enjoyed its finest season this year. Thirty-two boys and girls trained throughout the winter season (November 15 — February 15) in preparation for six dual meets, a division meet, and the Metro Championships. The reward for all the hard work was a dual meet record of 2-3-1. The Girls Team placed second in both the division Metro Championships. The boys placed sixth in division and 8th in the Metro meet, Overall Shorecrest placed 4th in the division meet and 5th in Metro.

An indication of the Teams abilities and fine talent can be found in the record book. Shorecrest's girls established new in every event. The boys broke 5 of the existing 10 records. Robin Brannman was the leader of the record book assault as she established four new marks and assisted in 2 more as a member of the medley and freestyle relays. Robin also established three new records in the

The Sadness Of Parting

The time has come for us to part
and go our separate ways.
We both must have a brand new start
and so our friendship strays.

Good times we've had these past few years
our problems we have shared.
So as we part don't shed your tears
for both of us have cared.

Time won't heal the sorrow we'll gain,
and the loneliness which will grow.
But as I start out in the rain,
don't watch the way I go.

Glory, Glory

***I saw a child, he was carryin' a light
I asked where it came from
He blew it right out
His eyes looked, into me, his voice was a song
He said tell me, tell me do you know where it's
gone***

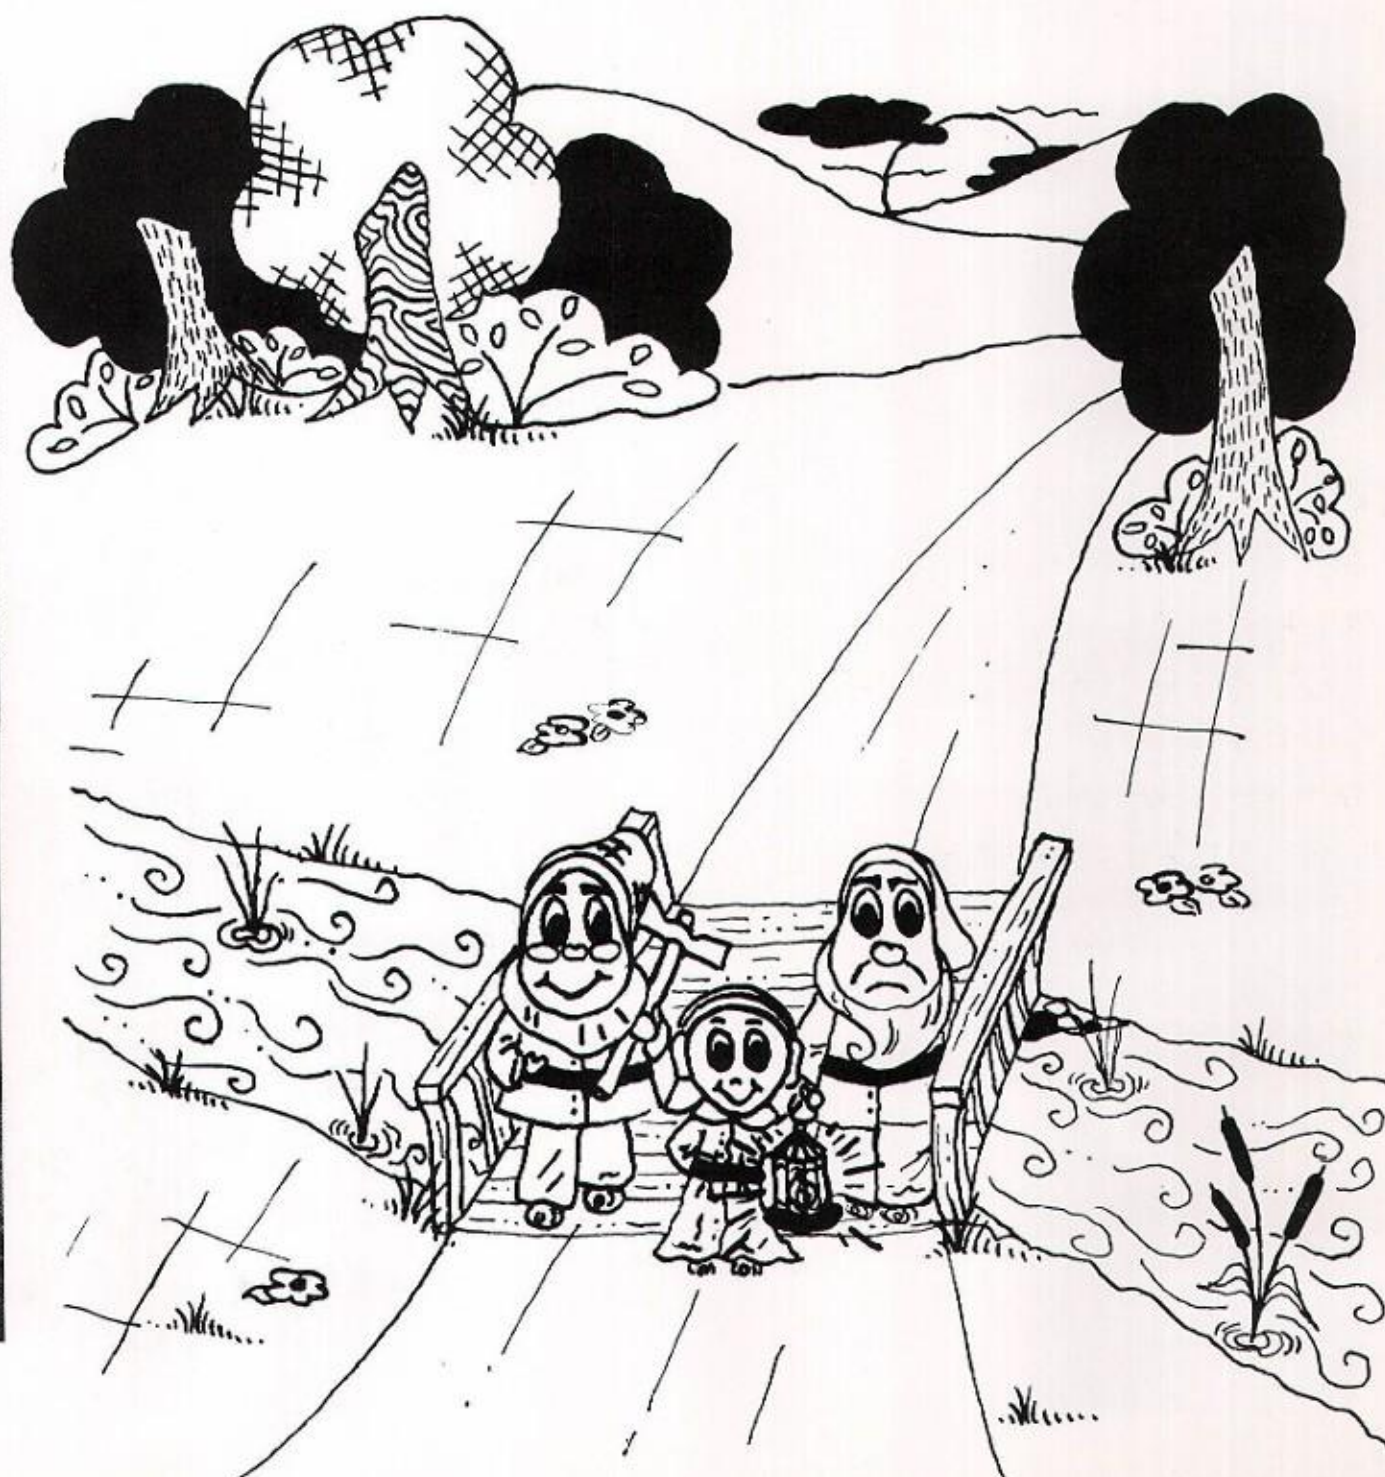

***Glory, Glory,
my eyes have seen the
mountain
My soul can sing the song
Glory, Glory
singing hallelujah
The truth is marchin' on***

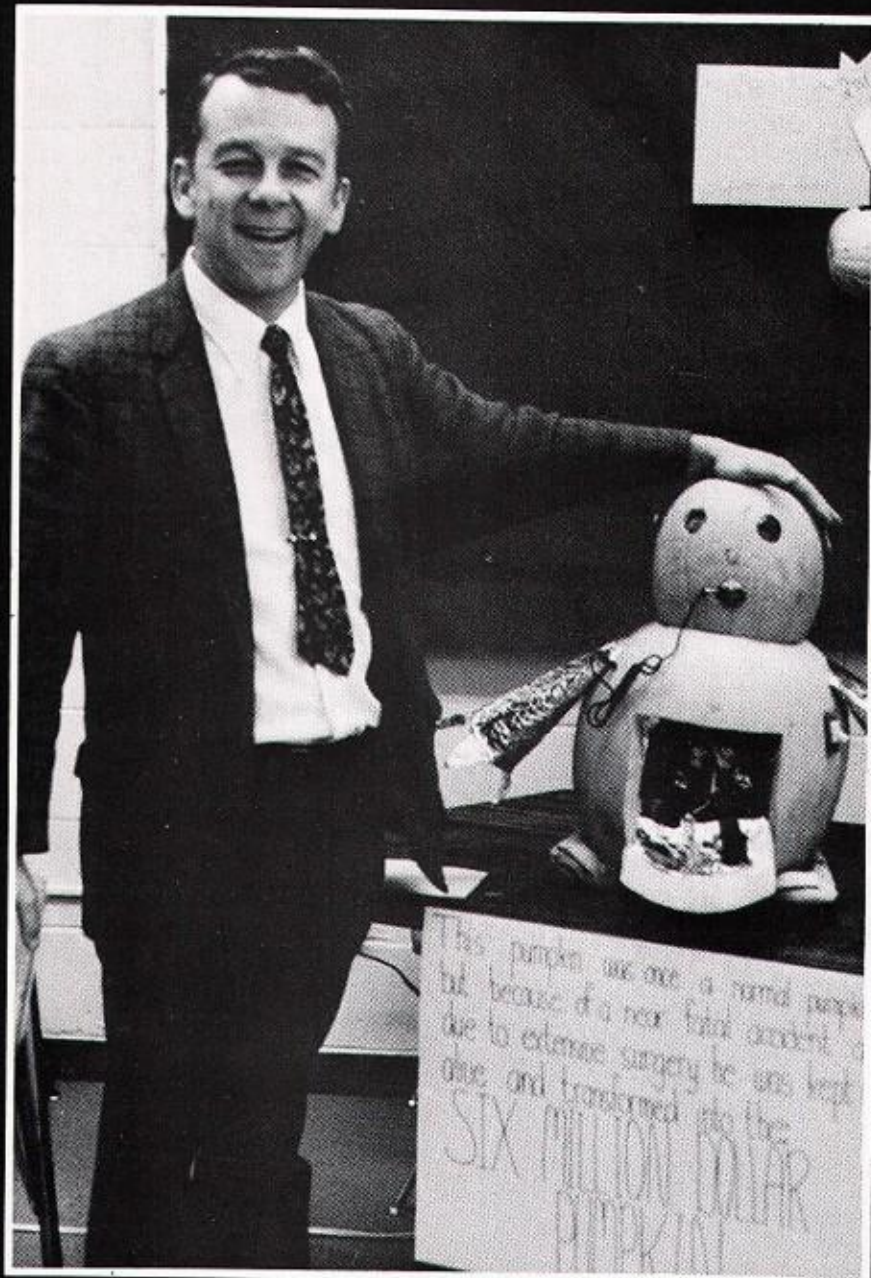

*Every mornin' the sun lights
us all
The trees ask for nothing
they just let their
fruit fall
Fire's the same, no matter
what the source
The flame of life burns on
It's never, never lost*

Cavaliere*

Joseph Hladisek, chapter manager of the Seattle-King County chapter of the Red Cross; Jack Greaves, Director of Secondary Education for the Seattle Public Schools, and Judge Matthew Hill, Justice of the State Supreme Court, were among the speakers. Round table discussions also were featured in the course.

Creed

It doesn't matter
who you love
or how you love
but that you love.

For in the end
the act of loving any man
is the act of loving God.

The good in men is all the God
there is.
And loving is a contribution
to that good and to that only God.

In the beginning Earth was formed. Upon this sphere man had his beginning. Man similar to you and me but not as advanced, educated, or civilized.

Man has journeyed far from primitive thinking to computerized technology, creating an easier life seeking answers to the many mysteries that confront us. And man will continue to progress, build, and conquer the unknown.

We are all part of a super generation. Never before has mankind had a higher standard of living. Yet, as we wake from our soft beds inside our electrified homes, life passes by outside those shielding windows. The sun rises and warms the air. The birds sing in the gracious abundance of trees that stand so proudly in our area. But did you ever stop to think what it would be like waking to see no trees, or birds, or even your hand stretched out in front of you.

Do you see all the factories and automobiles spewing their impurities into our air? Have you ever taken a moment to ponder upon the wastes that are dumped into our waters — or of our diminishing supply of natural resources. What are we doing to improve these degrading elements in our society?

It is now our turn to solve these mysteries previous generations have plagued us with. What kind of a world do you want to pass on to our children's generation?

As we step from this institution to our future, let us all show a bit more concern, respect and love to our natural surroundings, our Earth, and most of all — each other.
